

“Don’t Forget God”

Joshua 4:21-24

God has done great works in the life of His people. (21-22)

Crossed the river on dry land.

Looking back at all the great things God had done.

Plagues, exodus, crossing Red Sea, 10 commandments,
pillar of cloud and fire, manna, water from rock,

Looking at the present great thing God was doing.

Holding back the Jordan during flood stage the moment the priests’ feet touched the water.

Crossing on dry ground

Flooded river returns the moment the priests’ feet touched the other side

Looking forward to the great things God has planned.

Jericho was next.

Great works are easy for God!

Obediently trusting God with the future should become easier as we remember the great works we have seen Him do in our past.

(Remember) the great works God has done.

“What have you seen God do?”

God is personal and powerful in the life of His people. (23)

God stopped a river that was flowing over its banks

God then made the riverbed dry.

God released the river’s water after they reached the other side.

God is faithful and never fails.

Israelites were following God and God’s man.

(Remember) God’s personal demonstration of power in your life. “What has God done in your life?”

God is purposeful in the life of His people. (24)

That all the peoples of the earth may know the hand of the LORD

That it is mighty

That you may fear the LORD your God forever

(Remember) to honor God with all your life. “What are you living life for?”

Living the Word:

Remember God!, write on a rock, build a memorial, draw a painting of God’s blessing throughout your life, write a story/poem, make a photo book of God’s powerful working in life (baptism, serving, healing, graduation, marriage, career, children, grandchildren, or use your photo album to tell about what God has done.) Sing or write a song. Keep a continual list.
